

MBA - RISK MANAGEMENT

While the Master of Business Administration Program has been designed primarily for the education of management generalists, students can choose a specialized program option in risk management. Focused on the identification, assessment, and prioritization of risks, the risk management concentration of the MBA program is designed to instill the knowledge and skills necessary to successfully manage in times of uncertainty. Students will learn to understand, analyze, and address risk to ensure that organizations achieve their objectives.

Students in the risk management concentration will complete the Master of Business Administration core curriculum as well as four of the concentration-specific electives listed below.
