

ENTREPRENEURSHIP CERTIFICATE

Innovative and/or growing companies have a goal of adding 30 percent of their sales from products, services or markets that did not exist 5 years before. Combining theory with a strong dose of applied learning, these courses will add the skills needed to start a company, or else re-start a business unit or product line in an existing company.

The Entrepreneurship certificate courses can be applied to a degree in Business Administration at Husson University, enhance a degree in another discipline, or augment prior learning to provide for a change in career.
