

CERTIFICATE - DIGITAL AND SOCIAL MEDIA MARKETING

The Certificate in Digital and Social Media Marketing provides students with knowledge of the online and social media marketplace and how to strategically leverage it for business success. Students learn the fundamentals of online marketing, how to develop and gain online consumer insight, and apply that knowledge to develop marketing messages. Project-based coursework includes producing digital content and deliverables using a simulation that allows students to gain hands-on experience in e-marketing. Students learn principles of inbound marketing, organic search engine marketing, website promotion, online advertising, and analytics and conversation tracking. Students develop and execute an actionable plan for digital marketing of businesses as well as personal brands. This certificate is designed for students from any major that want to complement their skill set as well as working professionals in the field of advertising, public relations, marketing, and small business.

After completing the Digital & Social Media Marketing certificate students will be able to:

1. Students will be able to identify current digital marketing tools and technology to create successful marketing plans.
2. Students will be able to plan an effective social media campaign.
