

(HE) HUSSON EXPERIENCE

Courses

HE 111. The Husson Experience. 1 Hour.

This course is designed to assist entering students in making a successful transition to life at Husson University. The goals of this mandatory course include personal development and campus community engagement. Students will work together to identify academic and social resources, to develop skills for academic and social success, to make meaningful connections with the campus community, and to develop academic and career goals. The course is experiential in nature and all course activities are directed toward fostering the above two goals.

HE 114. Husson Experience & Building Professional Skills. 3 Hours.

In this course, students develop professional and academic skills that prepare them to become leaders in the 21st century. They develop project management, research and information literacy skills, explore career pathways, and the role social media plays, and discuss the role equity plays in the professional workplace. Through assignments focused on reflection, self-assessment, and application, students develop techniques and strategies to be a successful learner and professional in their chosen field of study. Finally, students establish expectations of being a successful online learner by improving their time management, research and writing, technology, and community building skills.

HE 199. Topic/. 1-3 Hour.

This course is designed to assist entering students in making a successful transition to life at Husson University. Topics will depend upon the interests of students and faculty.
