

NEW ENGLAND SCHOOL OF COMMUNICATIONS

The Mission of the New England School of Communications

The New England School of Communications at Husson University prepares students for careers in the fields of communications, entertainment and information. We educate students in applied technology and in creating content consistent with the platforms that they will be using in their professions. Our instruction is designed to give students not only the critical knowledge but also the technical and creative skills they will need to be successful in their chosen degrees & programs.

Degrees & Programs in the New England School of Communications are:

Bachelor of Science in Communications Technology Concentrations in:
