

CERTIFICATE - NURSING GLOBAL HEALTH CERTIFICATE

Six-Course Certificate (18 CH)- Non-capstone; Non-internship

*Degree Requirement for admission: Bachelors of Science in Nursing (BSN) and admission requirements (GPA, etc.) for graduate MPH.

Students will take the following courses (no particular sequence):

HS 602	Public Health Program Planning, Management, and Evaluation	3
HS 604	Epidemiology	3
HS 700	Global Health	3
NU 740	Public Health Policy Issues and Challenges	3
NU 821	Strategy & Analysis of Organizational Process	3
NU 836	Healthcare Informatics and Technology	3
Total Hours		18

Upon completion of the six-course certificate, students may continue on towards their MPH (would need to apply for the program).

If an existing MPH student wanted to earn the Nursing Global Health Certificate, students would need to apply during the first term of the program. This would be only open to students who have earned a BSN.
