

# CERTIFICATE - ADVANCED MUSIC PRODUCTION

---

This certificate is designed for students that would like to complement their studies in live sound and post production with the knowledge and skills of advanced music production. Courses provide experience in microphone techniques, music theory, recording, mixing, and mastering. Students will gain valuable experience and expand their career options through planning and executing recording and mixing sessions.

Candidates for the Advanced Music Production Certificate must complete at least fifteen (15) semester credit hours with a minimum 2.0 GPA. BS Audio Engineering - Music Production Majors are not eligible for this certificate. In order to complete the Advanced Music Production Certificate a minimum grade of C+ must be achieved in all courses.

Upon completing the Advanced Music Production certificate program students will be able to:

1. Examine sound and its aesthetic and technical characteristics.
2. Demonstrate knowledge of audio theory.
3. Examine and employ audio technology.

AE 202	Intro To Music Production	3
AE 300	Technical Foundations of Audio Systems	3
