

# CERTIFICATE - USER EXPERIENCE DESIGN

---

This interdisciplinary certificate includes courses in Graphic/Visual Design, Integrated Technology including Software Development and Web Design and Development, and Marketing Communications.

Credits from this undergraduate certificate can be applied to a degree at Husson University, enhance a degree in another discipline, or augment prior learning to provide for a change in career.

Upon completing the User Experience Design certificate program students will be able to:

1. Students will analyze a computing problem and apply principles of computing and other relevant disciplines to identify solutions
2. Students will implement a computing-based solution to meet a given set of computing requirements in the context of the program's discipline
3. Students will communicate effectively in a variety of professional contexts
