# CERTIFICATE - ANIMAL SERVICES MANAGEMENT

The Certificate in Animal Services Management provides students with a comprehensive foundation in the operational, managerial, and entrepreneurial aspects of the animal care industry. Designed to prepare students for careers in animal-related organizations and businesses, the program emphasizes industry-relevant skills in business planning, opportunity recognition, and sustainable management practices. Through a career-focused curriculum, students develop the knowledge and competencies needed to manage operations, identify market opportunities, and contribute to the growth and long-term success of organizations within the animal services sector.
